CPT CODE

CPT DESCRIPTION

99201

Office or other outpatient visit for the evaluation and management of a new patient, which requires these three key components:

1. a problem focused history;
2. a problem focused examination; and
3. straightforward medical decision making.

Counseling and/or coordination of care with other providers or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs.

Usually, the presenting problems are self limited or minor. Physicians typically spend 10 minutes face-to-face with the patient and/or family.

99202

Office or other outpatient visit for the evaluation and management of a new patient, which requires these three key components:

1. an expanded problem focused history;
2. an expanded problem focused examination; and
3. straightforward medical decision making.

Counseling and/or coordination of care with other providers or agencies are provided consistent with the nature of the problem(s) and the patient's and/or family's needs.

Usually, the presenting problem(s) are of low to moderate severity. Physicians typically spend 20 minutes face-to-face with the patient and/or family.
